Tremendous Reductions.

SOME LIVING PIONEERS

The name of Mrs. Marx Ellen Kimball adds one more to the growing list of Utah's pioneers. Mrs. Kimball was born in Charlestown, Monigomery county. New York, in 1818. When 25 years of age she moved to Nauveo, where she remained till after her marriage with President Heiser C. Kimball of the Mormon church in 1846. The same year she crossed the river with the first band of Honeers and Journeyel to Winter Quarters, where preparations were made for the long Journey to the mountains, the start being midde carry in the spring of 17. The story of the Journey is told by Mrs. Kimball

THE STEAMER, GENERAL GARFIELD—From a Photo Taken by C. W. Carter Soon After She Was Named.

in an interesting manner in her fournal of the plains, which is filled with many interesting stories of the early ploneers.

Mrs. Kimbail is strongly identified with much of the work accomplished in the early settlement of Utah and although now 73 years of age, is still deeply interested in all matters pertaining to the progress of the people of the state.

REPORT AT MIDNIGHT SHOWED A MARKED IMPROVEMENT.

> While Far from Being Out of Danger, There is Now Every Reason For Encouragement.

Last night, Dr. Richards, who had just left the bedside of Apostle Heber J. Grant, stated to The Herald that the patient's condition was very much improved, and while the danger was by o means past, there was every reason

agent in advance of the next circus, was hadly bruised on the Rio Grande Western about 5 o'clock yesterday afternoon and was taken to St. Mark's hospital for treatment. There is nothing serious in the mishap. Ferguson had boarded the southbound train for Provo. When the train was about four blocks from the depot and making ten miles an hour, he jumped to the ground on the sudden resollection that his value had been left at the depot. His ankle was severely wrenched and his face scratched. Ferguson may be detained in the hospital for a few days. The chances for Mr. Grant's recovery The chances for Mr. Grant's recovery now appear very favorable, and this announcement will be received with reloicing by that gentleman's boat of friends.

Considering the very critical condition of the patient at the time the operation was performed, the manner in which Mr. Grant has railled is no less surprising than grafifying.

A child was cured of croup by a dose or two of Ayer's Cherry Pectorni. A neighbor's child died of the same dread disease, while the father was getting ready to call the doctor. This shows the necessity of having Ayer's Cherry Pectoral always at hand.
